Sermon Series: R.A.W.

*How to Worship When
Life is "Caving In"*

Text: Psalm 57

**The Essentials of Worship even while
"Spelunking" in life's "caves":**

A) Worship means I must **humble** myself under the hand of God.

B) Worship means I must **hope** in the purposes of God.

C) Worship means I must **honor** the Glory of God.

Conclusion:

1) Caves are most identified with "darkness", but for those willing to search, caves are also known to **contain treasure**.

2) The greatest treasure I can discover in the cave is a **closer connection** to God.
