*The Wonderful Freedom of  
Boundaries*

**Text: Exodus 20 / Hebrews 10**

**BIG IDEA:** Our founding fathers intended to build our freedom on something bigger than their own opinions and political aspirations, but rather on God's Laws.

**God's perspective on the blessings of boundaries:**

- 1) God's boundaries are more than written rules; they affect *real life*.
- 2) God's boundaries must be taken *seriously* not *lightly*.
- 3) Obedience to God's boundaries are best fueled by *faith* in *God's grace*.

**Conclusion:**

Our salvation is a story of "Rags - to - the Riches of a *Closer Walk with God*".
